Care instructions

Velours

The upholstery is cleaned with a Hoover or brush.

Normal soiling is treated with soapy water.

Adhesive foam and fabric can be wet-washed.

Treatment No. 1

Vacuum or brush off.

Treatment No. 2

Remove loose dirt, carefully loosen dried substance with a blunt knife or a spoon and vacuum.

Treatment No. 3

Clean off contamination with lukewarm water and dab with a cloth.

Treatment no. 4

Remove contamination with soapy water or mild detergent (foam cleaner) and rinse with clean water. Absorb moisture with a cloth.

Important:

Apply any cleaning agent indirectly over a cloth, except Havener - candle wax remover.

After each stain treatment:

Rinse spot with clear water and absorb moisture with absorbent cloth.
